

Compat[®] Flexibaggle[®]

Foldable Empty Enteral Reservoir 500 ml

The Compat[®] Flexibaggle[®] 500 ml foldable empty reservoir with ENPlus port is intended for the administration of enteral nutrition and/or fluids to patients. For use in conjunction with administration sets.

Features at a Glance

The Compat[®] Flexibaggle[®] 500 ml foldable empty reservoir with ENPlus port has been designed to help improve patient care.

Ease of Use: Its self-standing properties and its wide-mouth port makes it very easy to handle and helps avoid accidental spills. Its fold-ability saves on storage space enabling it to easily be at hand when needed.

Ambulatory Use: Each port of the Compat[®] Flexibaggle[®] 500 ml features a strong screw closure which helps prevent leaks making it ideal for ambulatory use, for instance together with the Compat Ella[®] Backpack.

Patient Safety: Compat[®] Flexibaggle[®] 500 ml includes an ENPlus connector made according to ISO 18250-3. The ENPlus connector is designed to be IV incompatible to promote patient safety by helping to avoid accidental misconnections. Compat[®] Flexibaggle[®] is made of polyethylene, a food compatible material. It is also sterile, DEHP, BPA and Latex-Free*.

Eco-friendly: Compat[®] Flexibaggle[®] 500 ml is foldable, reducing the environmental impact of shipping.
